- Tools** : GitHub, VSCode, Vercel, Figma, Photoshop, Firebase, Chrome Dev, Google Recaptcha

Soft Skills

Leadership, Hard working, Quick learner, Active Listening, Adaptability

Experience

CodeAlign (Dhaka – Remote)

Full Stack Developer (Internship + Junior Software Engineer) — June 2025 – Present

Responsibilities: Contributed to full-stack development for company projects, with a strong emphasis on backend logic, API integration, and data handling. Also worked on developing responsive, user-friendly frontend interfaces, ensuring seamless interaction between frontend and backend systems.

Personal Projects

01. NutriBox (Meal Planning & Delivery Web App)

[LiveSite](#) | [ClientSite](#) | [ServerSite](#)

A full-stack app for customizing meals and managing real-time orders with provider dashboards.

- Users customize meals (portion, preferences, instructions, delivery) — editable till accepted.
- Live order flow with real-time status & dashboard insights.
- Providers manage meals, accept orders & grow sales from their dashboard.

Technologies: Next.js, React.js, Redux, TypeScript, ShadcnUI, Tailwind CSS, Express.js, MongoDB, Mongoose, ShurjoPay, Google ReCAPTCHA

02. Car Hunt (Car Selling Platform)

[LiveSite](#) | [ClientSite](#) | [ServerSite](#)

A sleek car-selling platform with secure payments, real-time tracking, and dual-role dashboards.

- Users browse, filter, and order cars with ShurjoPay-powered secure checkout.
- Real-time order tracking, status updates & interactive UI for smooth experience.
- Admins manage listings, users & orders with full control over platform activity.

Technologies: React.js, TypeScript, Redux, Tailwind CSS, AntDesign, ShurjoPay, Express.js, Mongoose

Educations

BSc Engineering in Computer Science and Engineering
Faridpur Engineering College, Faridpur | 2018 – 2021

Training

- Complete Web Development Course at Programming Hero. [Certificate](#) | [Awarded](#)
- Next Level Web Development Course at Programming Hero. [Certificate](#) | [Awarded](#)

Language

1. English – Comfortable
2. Bangla – Native
